**CHONGQING DAZU
LONGGANG PIPE FITTINGS CO.,LTD**

中国·重庆·大足

Chongqing Dazu Longgang Pipe Fittings Co., Ltd., located at the stone carving town worldwide-Longgang town, Dazu Country, Chongqing, is one of the group members of China National Hardware Association. Our company was founded in 1962, after struggled for over 40 years, and we always persist in seizing the market outside and strengthening the management inside. Through some means of capital reorganization, our scale and strength has entered into a totally new stage. Hence, it has become not only one of the pillar industries for Dazu's economy, but also the largest specialized manufacturing enterprise of pipe fittings for hot galvanizing in Southwest of China.

It covers the area of over 2 ha. , and the construction area are of more than 10,000 m². At present, 500 employees serve for it, and of whom there are about 45 technicians at preliminary and middle level in all specialties. It possesses 2 laboratories for physics and chemistry, over 200 sets (suits) of general and special equipment (instruments) in all fields. The existing over 200 product specifications sell well in Chinese big and medium-sized cities and also find good market in over 10 countries and regions such as America, Australia, Hong Kong, Taiwan and Southeast Asia, etc, meanwhile, enjoy a high recognition in the same industry in China.

In recent years, the company carried through the series standard of the GB/T19000 making overlaying GB/T19002 standard. In addition, we take various valid measures to optimize the resources structure , perfect quality control system and satisfy customers' demand well. Hitherto  have got a series of glory, which includes "Provincial Advanced Enterprise", "The Famous Product in Chongqing", "The Famous Brand of Pipe Fitting in China" and so on.

Standing on the new beginning, our company should be pressed by ourselves and work much more hard to make our enterprise famous pipe fitting base in China.

产品简介

PRODUCT PROFILE

产品简介：

我厂生产的 \diamond 牌玛钢管道零件，是按国家规定进行热镀锌后通过机加工生产工艺制成，产品坚固耐用，表面光泽均匀，几何尺寸精确，有极强的防锈力，安装使用方便快捷，能满足互换性要求。每只玛钢管件都经过气压监测后出厂，广大消费者尽可放心使用！

(一) 产品的品种和规格

按英制丝扣、美制丝扣、德制丝扣和标准生产供应。

常备供应品种有：弯头、三通、四通、外接、管帽、活接、补芯、根母、外接头、内外丝接头、堵头等，规格由1/4寸至4寸。

(二) 产品的性能和特点

1. 机械性能：抗拉强度 $\geq 300\text{N/mm}^2$ 延伸率 $\geq 6\%$ 硬度 $\leq \text{HB}163$

2. 水压试验：试验压力 $25\text{kg/cm}^2 (=3551\text{bs/IN}^2)$ 工作压力 $16\text{kg/cm}^2 (=2271\text{bs/IN}^2)$

\diamond 牌玛钢管道零件适用于水、蒸气、煤气和油等管道的连结。

(三) 产品规格及主要尺寸

符合中华人民共和国国家标准

● 专业化生产四十年 ● 年产量5000余吨 ● 欢迎来图样加工 ● 欢迎投资生产

PRODUCT PROFILE :

Owing to the advanced manufacturing technique and close check throughout the production on all measuring tools and instruments, our pipe fittings, made by mechanized process, are ensured for their durability, surface luster, geometrical precision in size and strong resistance to rust, guaranteed accuracy and convenience in installing and using, and interchange ability. Each malleable cast iron pipe fitting is checked by the atmospheric pressure test, please be reassured to use.

(1) KINDS AND SPECIFICATIONS:

Made to British Standard Thread, American Standard Thread, German Standard Thread, these pipe Fittings are regularly available in the following ranges, Elbow, Tee, Cross, Socket, Cap, Union, Bushing, Backnut, Nipple, Male and female joints, plugs etc.

The outlets vary from 1/4" to 4".

(2) PROPERTIES AND CHARACTERISTICS

Mechanical properties: Tensile Strength $300\text{N/mm}^2\text{min}$ Elongation Rate $6\%\text{min}$
Hardness $\text{HB.}163\text{max}$

Hydraulic Test: Test Pressure: $25\text{kg/cm}^2 (=3551\text{bs./in}^2)$ Working
Pressure: $16\text{kg/cm}^2 (=2271\text{bs./in}^2)$

Suitable for joining water, steam, gas, and oil pipes.

(3) THE STANDARDS: The specifications and main Sizes of Pipe Fittings meet Chins National Standard.

● Manufacturing the products for 30 years. ● Being output 5000 tons per year. ●
Processing according to supplied drawings and samples ● Inviting join-venture or other
investments.
